SETUP

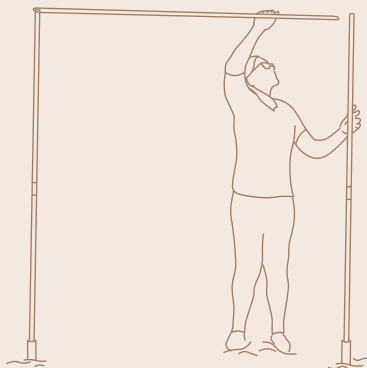

1. Set out guide pipes

Click together the cross bar and place on the ground, then insert the guide pipes at each end.

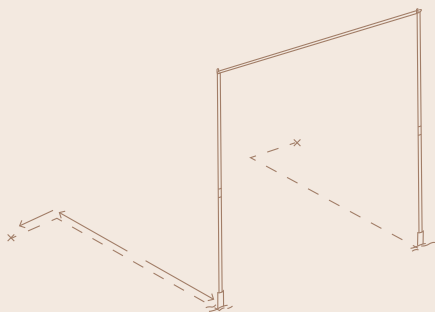

2. Assemble the frame

- A. Screw together the upright poles and place in the guide pipes with spike at the top.
- B. Place each end of the cross bar over the spikes.

3. Set out the pegs

- A. Take three big steps back from the upright pole and one big step away from the pole to make an L shape.
- B. Hammer in the pegs. Use sand pegs at the beach and metal pegs at the park or in your backyard (hammer not included).

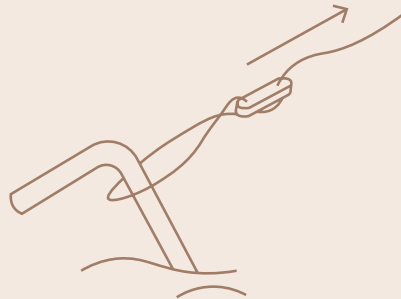

4. Arrange the canopy

- A. Lift the canopy over the cross bar.
- B. Place the middle eyelet over the upright spike on one side.
- C. Slide the canopy and attach the eyelet on the other upright pole.
 - i. For an L shape set up, place the second eyelet over the upright spike on each pole.

5. Check ropes

- A. Check that the ropes are secured to the canopy.
- B. Pull out adjusters to create a loop and loop around the peg.

6. Tension ropes

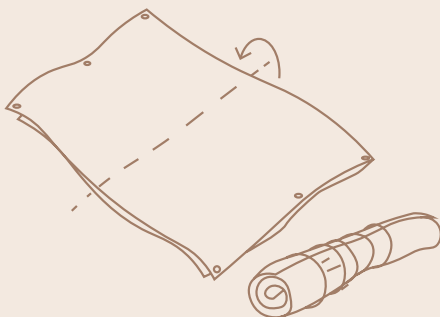

- A. Slide the black part of the rope up to tighten.
- B. Check all ropes and tighten as needed.
Move pegs as needed to increase span.

PACK DOWN

1. Loosen ropes and remove pegs

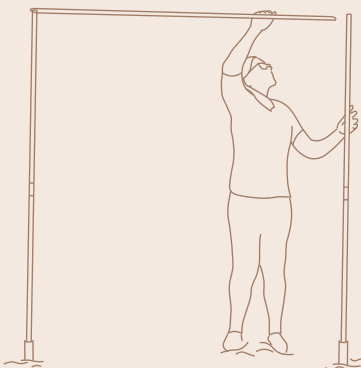

2. Remove the canopy

- A. Remove the canopy from the upright pole and lift the canopy off the cross bar. Keep it folded in middle.
- B. Fold the canopy eyelet to eyelet, roll and wrap the ropes around the canopy.

3. Remove cross bar

Remove the cross bar, unscrew the upright poles and remove the guide pipes.

4. Pack and carry

Pack away the canopy, pegs, poles and guide pipes into the storage bag.
